## MURRAY IS QUIET, FARMERS RETURN TO THEIR LABORS

Nothing Doing in Calloway After All Excitement of Last Month.

Protection Will be Given to Witnesses.

### NEWSPAPERS CHOOSING SIDES

(By Perry McLean.)

Murray, Ky., April 29.—All the night rider cases having been continued until the August term of circuit court, farmers, merchants and the public generally have turned their attention to their usual vocations and as the busy season is now on especially with the farmers, Murray and Calloway county, which have been in the limelight, will again take their place among the quiet rural communities of western Kentucky. Only one or two of the men indicted as night riders have not been arrested and all have given bonds. The purchases of tobacco made by the Hogue buyers has long since been received and shipped away and there is absolutely no occasion for any visitation of night riders, unless it should be to wreak vengeance upon Judge Wells and those who have been active in the prosecutions; but so well have the authorities held the situation in hand that nothing of that sort is expected.

Under the trying conditions of the past four weeks almost every citizen of any standing has been forced to come out and stand either with Judge Wells for the supremacy of the law or in sympathy with the lawlessness, and it is believed that a larger majority of the good citizenship are on the right side, though there is an element led by a local paper, who apparently are making an effort to place every obstacle possible in the way of the officers being successfully prosecuted, and seem bent on keeping alive the feeling that has been responsible for night rider outrages.

### Wheeler Accepts.

Washington, April 29.—William H. Wheeler, of California, member of the immigration commission, has accepted the postmaster's secretaryship of the bureau of commerce and labor.

### Sailors Get Even.

Santa Barbara, April 29.—Sailors late last night wrecked the restaurant and saloon of John Senich, who has been charging sailors 75 cents for a bottle of beer and 25 cents for a sandwich. Two sailors were arrested and sent to ship.

### MISS REID'S MATCH

London, April 29.—Jean, daughter of Ambassador Reid, is reported on good authority to be engaged to Hon. John Ward, secretary to the king and brother to the Earl Dudley.

## PADUCAH GROCERS PROFIT BY FIGHT BETWEEN PHONES

Paducah retail grocers have been made beneficiaries of the telephone war at Murray, the action of the Murray grocers in discontinuing the service of the Cumberland telephone company causing the telephone company to retaliate not only by giving its subscribers free service to Paducah, but by offering to have the purchases transported to Murray by express and delivered at the doors of their patrons free of charge.

The trouble in telephone circles at Murray began when the Cumberland attempted to secure control of the Planters' Telephone company, the lines of which cover the entire eastern portion of the county. The Planters had been connected with the Murray Home Telephone company. A majority of the stockholders of the Planters company objected to the change and after a fight in the courts a buyout was started by Murray merchants against the old telephone company and all service with it discontinued.

After an attempt to buy out or establish a grocery in Murray was made, the Cumberland company inaugurated the plan of turning trade to Paducah business houses and the opportunity to get groceries from this city has been seized upon eagerly by a number of Murray citizens who still have the Cumberland telephone.

## Another Suit Will be Instituted Against Caldwell County People by Hollowells in Federal Court.

It is Said Price Hollowell, Son of Plaintiffs, Will Ask For Damages—Another Defendant is Discovered.

A third suit will be brought against the alleged night riders of Caldwell county in the federal court here, it is said. This suit will be for Price Hollowell, the little son of Robert and Mary Hollowell, whose cases against their former neighbors near Lawrence, will be tried again May 11. It is also rumored that another person will be named as defendant.

The plaintiffs' subpoenas witnesses have been issued by the clerk, and Edmond Noel, deputy United States marshal, will begin serving them this week. It is believed more witnesses than before will be produced on both sides.

Persistent reports that a compromise is desired have been coming from the east side of the Tennessee river. Mr. John G. Miller, Sr., has returned from Caldwell county.

He was greatly surprised to learn of the rumors of compromise in the Hollowell suit, and could not tell how it started. He said a party who claimed to have no authority to act for the defendants approached him in Caldwell county, stating he would like to settle the case, but Mr. Miller said to the party: "If you are speaking for yourself, it is useless for you are not able financially to pay what would be demanded."

Neither the defendants in person nor their attorneys have said anything to the plaintiffs' attorney.

### FUNSTON'S ORDERS

San Francisco, April 29.—General Funston has been ordered to take command of the army school at Fort Leavenworth in August.

## Grain Market.

St. Louis, April 29.—Wheat, \$1.04; corn, 68; oats, 53.

## REJECTED SUITOR REPLEVINS PRESENTS AND INCLUDES HIS WILL BUT NOT HEART

Memphis Social Circles Stirred Over Suit Involving Indirectly Young Man Known Here.

Memphis is stirred over a replevin suit, involving the heart of a disconsolate lover. The young woman in the case is now Mrs. A. W. Ketchum, formerly Miss Mary Bland Pepper, who last night married the son of Mrs. F. M. McGlathery, of this city. The News-Sentinel says:

"William E. Cavett, an attorney, has been awarded a judgment for jewelry worth \$407.25, said to be in the hands of John R. Pepper, Mrs. John Pepper and Miss Mary Bland Pepper. The judgment was awarded him by Justice W. T. Bond, on a suit for a writ of replevin. Mr. Cavett alleging the property was held by the Peppers and that they refused to return it to him on his demand.

"Announcement of the suit furnished Memphis with one of the biggest sensations in years.

"Mr. Cavett is well known as a lawyer, and John R. Pepper is one of Memphis' wealthiest and foremost business men. Miss Pepper has been prominent in society and wed Adrian Walton Ketchum, another young lawyer, at the First Methodist church last evening.

"Mr. Cavett is said to have paid a good deal of attention to Miss Pepper prior to the announcement of her engagement to Mr. Ketchum, and claims the jewelry he is seeking to recover by means of replevin was given to her in the course of his courtship.

"Mr. Cavett obtained the judgment by default in Justice Bond's court.

"At the time the case was heard before Justice Bond, Mr. Cavett presented a list of jewelry he claimed to have given Miss Pepper. It was itemized.

"Mr. Cavett also sued for the recovery of his last will and testament of June 9, 1905, in which he leaves her all of his estate, real and personal."

The plaintiff enumerated the gifts, telling what was returned in good order and what was not. He included his will in the list, he concludes with: "One real line handkerchief (selected by Miss Pepper and bought of Lowenstein), \$12.50.

"One Japanese silk kimono (selected by Miss Pepper and bought of Japane-

## CHINN NOT FIT FOR WARDEN OF PEN BY TEMPERAMENT

In replying to charges of ex-Warden George Chinn, of the Frankfort penitentiary, the Kentucky prison commissioners make a sweeping denial of cruelty to the inmates. They say Chinn was not able to preserve discipline and was not fitted by temperament to hold the place.

## HONOR DECLINED BECAUSE HIGHER ONE WAS DESIRED

The antiquated system of recording class honors in vogue in the Paducah High school resulted, as such things usually do, in bitter feeling this year, and the situation took a sensational turn, when Miss Eleanor Hock, third honor pupil, and one of the brightest members of the class, was taken from school, and her father, John Hock, of 1220 South Seventh street announced that she will not be permitted to graduate with the class or accept the honor.

He complains that commencing last year a certain teacher prevented her receiving the class honors, and that Miss Hock was conditioned in languages. She made up her German and came within a fraction of a percent of winning out. Complaint of her alleged treatment was made to Professor Lieb last year.

"The honors are conferred, according to the grades made, and that rests with the teachers in the departments. Mrs. Hock said she might appeal if she thought she could accomplish anything.

## REPUBLICANS OF SECOND DISTRICT IN SESSION TODAY

District Contest Will All be Over in Another Week Before State Convention.

Choate Announces Himself as Favoring Taft.

### NEW JERSEY AGAINST BRYAN

Henderson, Ky., April 29.—(Special.)—Indications are that Fairbanks men will barely have enough votes to organize the convention this afternoon.

The county delegations to the Second district convention stand four for Taft and four for Fairbanks, while Fairbanks has the largest number of instructed delegates. There is a contest for the 38 delegates from Christian county, who are instructed for Fairbanks, and for Scott, a Taft man, for chairman. If Scott wins he will recognize the Taft delegates and give Taft the majority.

If the four Taft and four Fairbanks members of the committee on credentials cannot agree, the question of sending the Christian county delegates will go to the convention, and the Christian county men cannot vote, which might give the Taft people a chance to organize the convention.

It was called to order at 2 o'clock.

### District Fights.

Louisville, April 29.—It was announced authoritatively that two district conventions will be held here May 5, one organized by the Taft forces and the other by the Fairbanks following. A similar proceeding will be followed in the congressional nomination fight. The next struggle in the eventful Taft and Fairbanks fight for Kentucky delegates will be the district conventions, the dates and places of which are as follows: Second district, Henderson, today; Third district, Bowling Green, May 5; Fourth district, Elizabethtown, May 5; Fifth district, Louisville, May 5; Sixth district, Covington, May 5; Seventh district, Frankfort, May 6; Eighth district, Danville, May 6; Ninth district, Grayson, May 6; Eleventh district, London, May 5.

### Bryan Loses New Jersey.

Trenton, N. J., April 29.—The Democratic state convention to elect delegates to the national convention at Denver selected a delegation instructed except as to voting under the unit rule. The resolution to instruct in favor of Bryan was voted down.

The delegates at large chosen are: Senator John Hinchliffe, of Passaic; Frank S. Katzenbach, Jr., of Mercer; James Smith, Jr., of Essex; Howard Carrow, of Camden.

### Choate Lines Up for Taft.

New York, April 29.—Joseph H. Choate, former ambassador to Great Britain, announced his acceptance of the vice-presidency of the Taft organization of the state of New York. In a letter in which the announcement was made Mr. Choate says he regards the nomination and election of Mr. Taft as of the utmost public importance. He states that he speaks for himself only.

### Johnson's Ovation.

Detroit, April 29.—Governor Johnson, of Minnesota, received an ovation here today on his first visit. It is thought his visit will cause Michigan Democrats to send an unqualified delegation on to Denver.

### All for Knox.

Harrisburg, April 29.—Without a single contesting delegation the Republican state convention met today to elect delegates to the national convention. Knox will be endorsed for president.

The platform calls for tariff modification to meet the demands of the time, in such a manner as will subserve the best interests of the people. A resolution calling on the legislature to enact local option laws was defeated in the committee.

### Not for Bryan.

New Haven, Conn., April 29.—The resolutions committee of the Democratic state convention today tabled resolutions endorsing Bryan and instructing the delegation for him. It also tabled the substitute, which endorsed the Nebraskan and his politics.

### West Virginia in Line.

Parkersburg, W. Va., April 29.—The Republican convention pledged the state delegation today to Taft.

Mr. C. G. Kelly, secretary of the school board, became ill this morning and had to be taken to his home, 905 South Third street.

## Little Jessie Sanders' Neck Was Broken When Barn Door Fell at Her Home Near Grand Rivers.

Peculiar Accident, Which Resulted in Death of Child While Playing—Case of Murder in Crittenden County.

Smithland, Ky., April 29. (Special.)—While children were playing around the barn on the farm of John Sanders, near Grand Rivers, Jessie Sanders, five years old, stuck her head through a hole in a barn door which was leaning against the barn, and toppled it over, sustaining a broken neck when the door fell. She was the daughter of Mr. Sanders.

### Sullenger Case.

It is now believed certain that James Sullenger, of Crittenden county, whose body was found in an old well near a school house, was murdered. His head was beaten in. There was a report out that an arrest had been made, but it proved unfounded.

### TEXAS WEATHER

Dallas, Texas, April 29.—The temperature was 40 today, a drop of 40 degrees during the night. Rain is falling and freezing is feared tonight.

### Rudolph Infant.

Mr. and Mrs. Eva Rudolph, of Sharp, Ky., lost their one-day-old infant girl yesterday afternoon. The funeral was held at 12 o'clock today at the residence. The burial was in Oakland cemetery.

### AID FOR SUFFERERS

Washington, April 29.—Secretary of War Taft, responding to a house resolution, ordered that supplies be issued on the report of Major Devol, who has gone to Hattiesburg, Miss. The relief work will be placed in the hands of commanding officers of the department of the gulf.

Roosevelt received a telegram from Governor Noel, of Mississippi, and of the Hattiesburg relief committee, thanking him for his prompt relief measures. Noel said 55 are dead at Purvis and 200 wounded and 2,000 homeless.

## BANDANA ROBBERY CASE INTERESTS LOCAL OFFICERS

Detectives are still working on the robbery of the Bandana bank, which occurred last Thursday night. The slents are silent on the robbery and Chief Collins has nothing to say. Police Judge Cross this morning said that John Bulger, who was arrested Saturday afternoon on a charge of a common gambler, has failed to give bond and he is in jail on that charge.

Judge Cross refused to say anything else about another warrant, being sworn out against Bulger. His trial is set for tomorrow morning in police court. Bulger is confined in his cell, and City Haller Brown has instructions from Chief Collins not to permit anyone to see him without permission from the police department. Citizens of Bandana are greatly interested in the case. It is said that a man in the neighborhood of Bandana may be arrested for the robbery. The detectives on the case are out of the city today.

### WEATHER.

### RAIN

Showers this afternoon; clearing tonight. Thursday probably fair, continued cool; possibly frost tonight. Highest temperature yesterday, 45; lowest today, 40.

## BROOKPORT YOUTH IS IMPLICATED IN POSTOFFICE JOB

Hurried Out of Town Yesterday Morning and Circumstances Connect Him.

Strange Man Lurked Around Building.

### YEGG CONFESSES TO POLICE

Brookport, April 29. (Special.)—Since the robbery of the safe in the postoffice early yesterday morning the citizens suspect a local young man of having a hand in the safe blowing. The leader is believed to have been a young stranger, who dropped into the postoffice late Tuesday afternoon and purchased a postal card. He remained in the office nearly an hour waiting. He came in mysteriously, and as mysteriously was gone the next morning. He did not introduce himself to anyone. The Brookport man left early yesterday morning by railroad, and the city marshal followed his trail to Metropolis. Detectives from Washington are expected to arrive this afternoon and until their appearance nothing sensational is promised.

The loss amounts to \$395. Besides the \$20 in cash, \$200 was taken in stamps, and \$175 worth of book stamps are missing. Nothing has excited the citizens of Brookport more for years, and it is the sole topic of discussion. Mrs. George Hush, the postmistress, took notice of the stranger and a close description of the stranger will be given. The disappearance of the Brookport man will be investigated and an effort will be made to locate the missing papers. Some say the robbers were the same gang that cleaned out the Bandana bank, and also Pickensville, Ill., but the officers are silent on that point.

### Yegg Confesses.

St. Louis, Mo., April 29.—By the confession of Walter Christopher, in jail at Jackson, Mo., the most complete and valuable evidence obtained in recent years by the government authorities concerning the operations of an organized gang of yeggmen who for years have pillaged postoffices and banks in a dozen states is in the possession of the postoffice inspectors and the United States district attorney's office at St. Louis. Christopher has been an "organizer" for the gang, the names given the man who acts as an advance agent, picking out the "jobs" and laying the plans for the execution of the robberies. When arrested at Cape Girardeau, Mo., a few days ago for a minor offense, he was going under the alias of Albert Jones. He is 32 years old, and his nominal home is at Cairo, Ill., where he has a wife.

In his confession, which occupied four hours in the telling at Jackson, Sunday afternoon, with Postoffice Inspector C. L. Patterson and Charles H. Daines, assistant district attorney at St. Louis, as auditors and examiners, Christopher is said to have given a detailed story of his entire criminal career and an intimate account of the methods and personnel of the gang with which he has been associated, which has numbered from

## BIG TOBACCO CROP PRESENT OUTLOOK IN THIS SECTION

Tobacco plants are more plentiful and farther advanced considering the season than at any time in the history of the "black patch," and preparations are being made for the biggest crop of tobacco ever raised, according to reports of farmers from all sections who were at Murray Monday and almost every section was represented. It is said that many of the plants are now ready to be transplanted and the farmers are preparing their tobacco land before following their land for corn, which is almost an unheard of thing.

Those who understand the situation know that the question of plants is most important to the tobacco grower and although his crop is in danger of disaster from the time it is planted until the crop is housed and sold it is usually conceded that when plants are plentiful early in the season a big crop may be expected. So far but few cases of plant hedging have been reported and a majority of those are the outcome of personal spite.

## TRIGG COUNTY IS INVESTED AND 10 MEN ARE CAUGHT

Frankfort, Ky., April 29. (Special.)—Warrants are out for 12 men employed at Center Furnace, Trigg county, charged with banding together to drive negroes away. General Williams and 16 soldiers are camped near the place. The names are not yet known.

Cadiz, Ky., April 29.—(Special.)—The sheriff this morning brought in eight of the men. They are James Aldrich, Jack Aldrich, Jim Houston, Jim Bruce, Mose Etheridge, Wick Meredith, Ebb Woods and Ben Woods.

## Family Doctor Prescribed

At 80 years of age Mr. John Van Luvanee, Moline, Ill., was restored to health and vigor by taking Duffy's Pure Malt Whiskey as prescribed by his doctor.

Mr. Van Luvanee says he feels as young as he did 40 years ago, and is so delighted with the benefits received from the use of Duffy's Pure Malt Whiskey, that he recommends it to old and young.

MR. JOHN VAN LUVANEE.

"I am over 80 years of age and I have had to work hard ever since I was old enough to do anything. I was generally rugged and healthy up to about three years ago, then I began to feel that I was getting old. I could not go up or down stairs without having to hold on to something. About a year ago I was out riding on an open wagon, the weather was chilly, I caught a bad cold and fever followed. I had to send for a doctor. I got over the fever, but I was still sick. I had no appetite. I was weak and had no flesh on my bones. The doctor told me to get Duffy's Pure Malt Whiskey, take it as directed, and I did so. I was soon better, my appetite returned and I felt as well as I did 40 years ago. I must say that Duffy's Pure Malt Whiskey has been a great benefit to me, and has prolonged my life. I feel as well and can get around, I think, as smartly as the majority of men can at 45 years of age. I am very sure that it all came by using Duffy's Pure Malt Whiskey and I advise every person, both old and young, especially the old, who have not very good health to take Duffy's Pure Malt Whiskey as directed, and be temperate in all things. What I have said of Duffy's Pure Malt Whiskey is my personal experience; it is by using it that I know it is a good medicine and I cannot help speaking of the good it has done me."—JOHN VAN LUVANEE, Moline, Ill., Nov. 5, 1907.

## Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

If you wish to keep young, strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions. It tones and strengthens the heart action and purifies the entire system. It is recognized as a family medicine.

**CAUTION.**—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It is the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only—never in bulk. Look for the trademark, the "Old Chemist," on the label, make sure the seal over the cork is unbroken and that our guarantee is on every bottle. Price \$1.00. Write Dr. R. Curran, Consulting Physician, for a free illustrated medical booklet and free advice. Duffy Malt Whiskey Co., Rochester, N. Y.

# Good Advice

## Woman's Good Looks

depend, of course, very largely upon her health. If your health is bad, if you are weak, sick, miserable, and suffer from pain or other symptoms of womanly ailments, your face and general appearance will quickly show it, and nothing you can do will bring back your good looks, until you cure your female troubles.

The best advice to give you, for such a condition, is to "take Cardui."

This is the well-known woman's remedy, of which you have so often heard.

It is the medicine for you to try, whether you

have just fallen sick or whether you have been long sick, and are hopeless of relief.

Cardui has succeeded so often, that you may safely expect it to benefit you.

Mrs. Sarah Avery, of Moark, Ark., writes: "I suffered with womanly troubles for two years, and nothing would help me until I took Cardui. Now I am well." Try it.

## Family Doctor Prescribed

At 80 years of age Mr. John Van Luvane, Moline, Ill., was restored to health and vigor by taking Duffy's Pure Malt Whiskey as prescribed by his doctor.

Mr. Van Luvane says he feels as young as he did 40 years ago, and is so delighted with the benefits received from the use of Duffy's Pure Malt Whiskey, that he recommends it to old and young.

MR. JOHN VAN LUVANE.

"I am over 80 years of age and I have had to work hard ever since I was old enough to do anything. I was generally rugged and healthy up to about three years ago, then I began to feel that I was getting old. I could not go up or down stairs without having to hold on to something. About a year ago I was out riding on an open wagon, the weather was chilly, I caught a bad cold and fever followed. I had to send for a doctor. I got over the fever, but I was still sick. I had no appetite. I was weak and had no flesh on my bones. The doctor told me to get Duffy's Pure Malt Whiskey, take it as directed, and I did so. I was soon better, my appetite returned and I felt as well as I did 40 years ago. I must say that Duffy's Pure Malt Whiskey has been a great benefit to me, and has prolonged my life. I feel as well and can get around, I think, as smartly as the majority of men can at 45 years of age. I am very sure that it all came by using Duffy's Pure Malt Whiskey and I advise every person, both old and young, especially the old, who have not very good health to take Duffy's Pure Malt Whiskey as directed, and be temperate in all things. What I have said of Duffy's Pure Malt Whiskey is my personal experience; it is by using it that I know it is a good medicine and I cannot help speaking of the good it has done me."—JOHN VAN LUVANE, Moline, Ill., Nov. 5, 1907.

## Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

If you wish to keep young, strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions. It tones and strengthens the heart action and purifies the entire system. It is recognized as a family medicine.

**CAUTION.**—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only—never in bulk. Look for the trademark, the "Old Chemist," on the label, make sure the seal over the cork is unbroken and that our guarantee is on every bottle. Price \$1.00. Write Dr. R. Curran, Consulting Physician, for a free illustrated medical booklet and free advice. Duffy Malt Whiskey Co., Rochester, N. Y.

## PARENTS DAY

WILL BE OBSERVED AT LONGFELLOW SCHOOLS FRIDAY.

Excellent Program, Exhibition of Work and Two Addresses Are to Be Given.

Parents' day will be observed Friday at the Longfellow school, and a splendid program of recitations and songs has been prepared by the teachers of the building. All of the rooms have been decorated with flags and the art work of the pupils. At 1:30 o'clock the pupils of Miss Ella Larkin and Miss Jennie Sloan will begin the program, and later in the afternoon Charles K. Wheeler and Superintendent J. A. Carnegie will make short addresses on the progress of education. This is the first public entertainment given in the new building, and all friends of the school are invited. The trustees have been extended an especial invitation to be present and examine the work of the children, which will be on exhibition. The program will be given on May Day, and the pupils have taken much interest in the preparation of the program.

The program will be:  
Song—"Once I Got Into a Little Boat"—Pupils of first and second grades.  
Recitation—Elizabeth Wheeler.  
Recitation—Clayton Tate.  
Song—"Three Blind Mice"—Will Orr, David White, Chester Steward and Maggie Sneed.

# Good Advice

## Woman's Good Looks

depend, of course, very largely upon her health. If your health is bad, if you are weak, sick, miserable, and suffer from pain or other symptoms of womanly ailments, your face and general appearance will quickly show it, and nothing you can do will bring back your good looks, until you cure your female troubles.

The best advice to give you, for such a condition, is to "take Cardui."

This is the well-known woman's remedy, of which you have so often heard.

It is the medicine for you to try, whether you

have just fallen sick or whether you have been long sick, and are hopeless of relief.

Cardui has succeeded so often, that you may safely expect it to benefit you.

Mrs. Sarah Avery, of Moark, Ark., writes: "I suffered with womanly troubles for two years, and nothing would help me until I took Cardui. Now I am well." Try it.

## IMPORTANT DECISION

Case of much interest was tried last Tuesday before Judge Emery, where George Ficklin, of this city, was charged with selling intoxicating liquors, and the evidence showed he sold Dr. Fizz, Cremo and Vivo, prepared by A. M. Laevison & Co., and the proof all went to show these beverages were non-intoxicating, and the case was dismissed, as no violation of the law could be proven.  
The decision of the court will act favorably with the sale of Dr. Fizz, Vivo and Cremo, which are prepared and sold by A. M. Laevison & Co., of this city.

Colorado adds ten votes and Arkansas eighteen votes to the Taft column this week.

Internal Revenue Collector Ed Franks succeeded in carrying the Second district for the losing side.

In turning down that \$200,000 insurance job, Judge Gray shows that he still regards the presidency of the United States as a fine position.

The Louisville Herald, which gave the first district to Fairbanks, now gives Taft 52 1/2 votes to Fairbanks' 50. On May 6 it will be demonstrated that Taft will have 28 more than that.

## A PEACE MOVE.

While the rest of us had forgotten the Peace conference, we learn that President Roosevelt has been busy on a project to force disarmament, and he undertook it in a most practical manner. His plan for the construction of four new battleships was to put the United States ahead in naval construction, getting a pace that would cause complacency in Europe and bring the big war powers to a realization of their folly. With the biggest navy in the world, isolated and commanding one coast line of each of the two great bodies of water, the United States would have been in a position to dictate the naval policy of the world. Her dictations would have been the dictations of terms of peace.

The president was supported in his policy by the younger senators, who represent the new or honest school of politics. He was opposed by the senate cabal, composed of Aldrich, Borah, Hale, et al. With the younger men fighting them in the senate and another administration expiring, these elder statesmen will be in a perilous position when they face their constituents again.

Meanwhile, President Roosevelt has secured the construction of two battleships a year of the largest type, a policy that will keep the United States well to the front. The dispatch of the fleet into the Pacific leaving the Atlantic coast line practically unguarded, and the movement of British ships into the north Pacific, have a tendency to show our people the necessity for great naval strength in both oceans, and will aid the president's policy, should his successor choose to pursue it.

## THE FLAG AND THE MEMORY.

It seems that William Waldorf Astor, the expatriate, bought the flag of the Chesapeake and presented it to the British government. Some newspapers are terribly wrought up over his action; but we cannot find cause for kide rich, that has done nothing but debauch the people of the metropolis and set a bad example to the rest of the country. His presence will not be missed, and his investments continue in this country. The chief part of an

Astor is his money, and we still have that. As for the flag—it is nothing. We still have the memory of the Chesapeake's defense, and the sight of an American flag is not calculated to accentuate the British pulse or cause the English cheek to glow with pride. That Chesapeake flag cost England more than William Waldorf Astor paid for it. England never has profited much by the services of renegade Americans, and the English people never have given them the social recognition they craved, from the time of Benedict Arnold to the present.

If we were willing to accept the statement of men who failed, that they failed purely and simply because they were trying to conduct their business honorably and opposing everything evil, we should of necessity conclude that honesty is not the best policy and that seemingly proper men, who are prospering, are really hypocrites and villains.

## THE REAL TAFT.

Given such a subject as the next president of the United States, says the Cleveland Leader, the remarkable power of character sketching which distinguishes William Allen White, the Kansas editor, stands out in its most striking and convincing form. In the May issue of the American magazine a picture of the secretary of war is drawn which is so true, so just, so vivid and so lovable that it cannot be too widely read and studied. It gives the country a most graphic picture of the living man described. It is an altogether sane, human and satisfying portrait of a man whose many and varied public services are to be crowned, shortly, by the wise and powerful administration of the highest of all offices.

Editor White shows the living Taft—his great good nature, his remarkable industry, his love of his fellow men, his tireless and wholehearted devotion to right and justice and high ideals of government. He pictures the kindness of this big, sincere, friendly American with the great body of his fellow citizens. The simple ways and tastes of the secretary of war stand out in clear relief. The altogether creditable story of his many-sided training for the great place to which he is about to be called is told with graphic effect and convincing candor. The sketch sets Taft before the country as the great lawyer and jurist he is. It shows his resolute and unflinching strength as well as his gentle consideration for others.

Fair men cannot read this Kansas Journalist's vivid world picture of William Howard Taft without feeling its sincerity and its discernment. It is impossible to take Editor White's portrait at its true value without being convinced that the country will be fortunate in the coming Taft administration.

The Taft pictured so powerfully and so truly is a comfortable, trustworthy, efficient, upright, masterful man. He is of the type of born rulers and leaders who rise to every emergency so easily and simply that they almost hide their own power. The next president wears admirably. He grows bigger on closer acquaintance and fuller knowledge. The country will find his already great reputation too small when it tests him in the white house.

Inspectors Must Be Strict.  
 Courier-Journal: "The steamboat inspectors who are now examining the hulls and machinery of the boats plying the Ohio river have instructions from the supervisor at Washington to be very strict in their inspections, and it is reported that they will order some of the boats now in commission between Pittsburg and Cairo out of commission unless they are made to come up to the required regulations."

War Spirit Rampant: Don't you think, Major," inquired the young man in the front row, "that he sings these battle-songs realistically?" "Yes, indeed," replied the gentleman before him. "So realistically, in fact, that I feel like fighting all the time I'm listening to him!"—London Tit-Bits.

## The MYSTERY

(Continued from last issue.)

Pendosa, with a grin, leaned over the cover from behind and began to pick away at the lock with a long crooked wire. The others drew close about. I slipped nearer the door, hunching that in their riveted interest I saw my opportunity. To my surprise I caught a glimpse of legs disappearing up the companion. I took stock. Pink had gone on deck.

This surprised me, for I should have thought every man interested enough in the supposed treasure to wish to be present at its uncovering, and it annoyed me still more. The success of my plan demanded a clear deck. However, there was nothing for it now but to trust that Pink had wished to visit the forecastle and that I might find the afterwards empty.

I paused at the foot of the companion and looked back. A breathlessness of excitement held the plumes in a vise. Front above the hanging lamp three strong shadows across their faces, bringing out the deep lines, accentuating the dominant passions. With their faces and blood, their unshaven faces, their beards, their alth, they showed in violent antithesis to the immediate white of Old Scarp's cabin, its glittering brass and its shining leather. I darted up the steps.

The contrast of the starry night with the glare of the cabin lamp dazzled my eyes. I stood stock still for a moment, during which the only sounds audible were the sighing of the winds through the rigging, the wash of the sea and the small, sharp click of Pendosa's instrument as he worked at the chest.

Presently I could see better. I looked forward and aft for Pink, but could see nothing of him; and had just about concluded that he had gone forward when I happened to glance aloft. There, to my astonishment, I made him out huddled in silhouette against the stars close to the main truck. What he was doing there I could not imagine. However, I did not have time to bother my head about him further than to rejoice that he could not obstruct me.

I should very much have liked to get hold of a rifle and ammunition or at least to lay in biscuit and water, but for this there was no time. It was not absolutely essential. The dull glow of the island was still visible. I had my pillar of fire and smoke to guide me. Without further delay I jerked loose the pulley and drew the extraordinary longings.

I had proceeded just so far in my movements when the most extraordinary thing happened. I shall try to tell you of it as accurately as possible and in the exact order of its occurrence. First a long, straight shaft of white light shot straight up through the cabin roof to a great height. It shone through the wooden planks as an ordinary light shines through glass. By contrast the surrounding blackness was thrown into a deeper shade, and yet the shaft itself was so brilliant as almost to scorch the sight. Curiously enough, it was defined accurately, being exactly in shape like one of the rectangular tin air shafts you see so often in city hotels. At the instant of its appearance the wind fell quite calm.

Almost immediately the rectangle on the roof through which the light made its passage began to splay out like lighted oil, although the column retained still the integrity of its outline. The fire, if such it could be called, ran with incredible rapidity along the seams between the planks forward and aft until the entire deck was sketched like a pyrotechnic display in thin, vivid lines of incandescence. From each of these lines then the fire began again to spread, as though soaking through the planks.

All took place practically in an instant of time. I had no opportunity to move or to cry out. Indeed, my perceptions were inadequate to the task of mere observation. Up to now there had been no sound. The wind had fallen. The waters passed unnoticed. A stillness of death seemed to

have descended on the ship. It was broken by a sharp, double report, one as of the fall of a metallic substance, the other caused by the body of Pink, which, shaken loose from the truck by a heavy roll, smashed against the rail of the ship and splashed overboard. Some one cried out sharply.

## VOICE OF THE PEOPLE.

To the Public:

The wells of the city are a menace to the health of our people and they must go. I have humored this question as long as I intend to, and when I explain my position as your humble servant I know I am more liable to criticism for being derelict rather than harsh.

I feel I would be guilty of no greater offense to invite the innocent, confiding public to an apothecary shop to select their own drugs than to any longer encourage the use of the public and private wells of our city.

Water in motion in the form of running streams by its constantly colling and turning and precipitating its contents in this manner may keep pure, but as pure as it can be made, even distilled water, allowed to remain in a basin, subject to the sun's rays and the atmosphere, readily becomes impure. The same submitted to a positive temperature of 60 degrees Fahrenheit, with vegetable decomposition, generates the deadly organism that has killed more people by odds than any known disease or other cause to this country.

And this is not the only bad effects of impure water. Its most patent quality as a disease producer is in the drinking water, and may and will eventually develop in any well or cistern in the city that is continually replenished by pipe water. No matter how pure and sparkling it may appear, you never know when this water is full of germs until it begins to develop its direful effects upon the bowels in the form of typhoid fever, dysentery and worms. This is the principal cause of these three maladies. Typhoid fever is not a contagious disease by contact with the patient direct, but comes from the germs floating in drinking water from the wells and cisterns adjacent to stock barns and outhouses, and in some extraordinary instances, the source of contagion in wells has been traced to a distance of 19 and 11 miles, that is in a well this distance from a city or large stock barns this distance away.

No one better knows the conditions of our city, with little more than half the population years ago, with reference to the mortality in typhoid fever, when well water was the only source of drinking water than our older physicians, one of whom emphasized that fact in this remark, that when he first came to this city people died of typhoid fever about as rapidly as from cholera, numbering all along from 60 to 80 per year.

You will certainly observe that in the year of 1906 that only 12 deaths occurred from typhoid fever, 18 from the same disease in the year of 1907, and as yet so far in this year, one-third of which has about gone, the deaths have to increase to reach either number.

The same reduction in the annual report of the city you will also observe in all the bowel diseases since filtered water has been the principal source of drinking water.

There is but one salvation for the wells of our city that is continually replenished by pipe water. Make a jug of them by walling them up at least with two layers of brick, well cemented and plastered this subject to continual inspection of the sanitary officers with the approval of the board of health.

To this manner you perceive that pipe water is barred out altogether and only the rain water allowed to run in from the top of the well or cistern.

Also as much as the winter has been so very mild and spring seemingly developing very early, allow me to insist on the public cleaning at least the rear premises before the advent of hot weather. Your obedient servant.

W. T. GRAVES.

Health Officer City of Paducah.

The towboat Lydia arrived from the Cumberland this morning with a tow of ties. She went on to Joppa with her tow.

The Clyde shipbuilding yards produced 549 vessels during 1907, as compared with 372 the previous year.

An instant later the entire crew struggled out from the companionway, rushed in grim silence to the side of the vessel and threw themselves into the sea.

My own ideas were somewhat confused. The fire had practically enveloped the ship. I thought to feet it, and yet my skin was cool to the touch. The ship's outlines became blurred. A dizziness overtook me, and then all at once a great desire seized and shook my very soul. I cannot tell you the vehemence of this desire. It was a madness. Nothing could stand in the way of its gratification. Whatever happened, I must have water. It was not thirst nor yet a purpose to allay the very real physical burning of which I was now dimly conscious, but a craving for the liquid itself as something apart from and unconnected with anything else. Without hesitation and as though it were the most natural thing in the world I vaulted the rail to cast myself into the ocean. I dimly remember a last flying impression of a furnace of light, then a great shock thudded through me, and I lost consciousness.

## Lunch Owners Protest.

The Cincinnati Commercial Tribune says: "Owners of pleasure launch on the Ohio river have united as a 'mon' in protesting to Congressmen Goebel and Longworth against a plan of making them subject to license and inspection laws the same as the operators of steamboats have to submit to. At the present owners' launches who run their boats simply for themselves and their friends are not for hire are their own masters and do not pay license or stand examination to show they are competent to manage the boats. ## IN FRENZY, THROWS LIGHTED LAMP AT WIFE

(From Savannah News, March 2d.)

The above dastardly act would have been impossible if they had had electric lights.

By the time he got the bulb unscrewed, he would have recovered from his fit of temper.

Besides, he couldn't have seen where to throw it, as disconnecting it would have cut off the light, and stopping the flow would have cut off expense, thus making his pastime less expensive.

This is only ONE of the advantages of ELECTRIC LIGHTS. There are others.

## OVER CITY

CAPE MATTERLY WILL SAIL HIS AIRSHIP TOMORROW.

Something About Dirigible Balloons and How They Are Propelled and Steered.

For the first time an airship will tomorrow afternoon, sail over the city of Paducah. The ship will be "The America," said to be the fastest, most perfect and most scientific ship ever constructed. It will be commanded by Capt. William Matterly, one of the most famous and by long odds the most daring aerial navigators in the country. He has the distinction of being the only aeronaut who ever crossed Lake Michigan in an airship.

"The America" which will be on exhibition at Wallace park tomorrow afternoon, will leave its moorings between 2 and 5 o'clock, and according to the schedule will make a flight over the city.

The ship is dirigible and can be steered with success in a gale not exceeding ten miles an hour. It is much heavier than air and is manipulated entirely by a propeller, run by a 30 horse-power gasoline engine and steered by means of a huge rudder. The bag which supports the frame-like basket in which Capt. Matterly rides, and which also holds the engine, rudder and propeller, is 60 feet long and 17 feet in diameter at the center, tapering to a sharp point at each end. The bag is made of imported Japanese silk, coated with a secret preserving preparation which makes it absolutely airtight. Ten thousand cubic feet of gas are required to inflate the bag. The gas is sulphuric acid from iron shavings and water.

## CAVALRY

SERVICE NOW OPEN TO RECRUITS TO U. S. ARMY.

Former Boys With Love of Horses Choose That Branch—City Lads Are "Dough Boys."

Captain William L. Reed, of the United States army, accepted seven recruits for Uncle Sam's army from Sergeant C. A. Blake yesterday afternoon. Captain Reed arrived from Cairo yesterday morning, where he secured six recruits. In the afternoon he left for Princeton. Sergeant N. E. Brandon, of the Paducah recruiting station, will open a branch recruiting station at Paris, Tenn., May 1, 2 and 3. Sergeant Blake made a splendid record for April in recruits. The recruits: Infantry—Wade Hampton, of Paducah; Rufus Washenberry, of Pembroke; Charles H. Evans, of Metropolis; Emmett R. Davis, of Paducah. Seacoast artillery—Jerome Dunn, of Simpson. Cavalry—Mason Lay, of Metropolis, and Leeman Bain, of McCall, Ill. All of the men left for Jefferson barracks, Mo., to receive preliminary training.

While in the city Captain Reed said that the cavalry was open again to recruits. Most of the recruits have been placed in the infantry, but as the result of the slack work in the large cities the infantry is well filled, and now the cavalry is open for the choice of recruits. Most of the men recruited from cities prefer the infantry, but practically all of the farmers' boys like the horses and choose the cavalry.

THREE GIVEN ATTORNEYS' INSTEAD OF COURT CLERK.

Attorney D. G. Park, as attorney for W. F. Purdy, administrator of the estate of W. D. Melton, of Bandana, today received a check for \$1,000 from the Home Life Insurance company of New York, to cover a policy held in the company by Mr. Melton. The company denied liability on the grounds that the payments had lapsed before death. The attorney adopted unusual course of filing a brief covering the points at issue with the attorneys of the company rather than bring the case in court, and the move proved successful. The attorneys after considering the brief recommended that the policy be paid, the extended insurance due on the policy covering the time lapsed.

California Wedding.

The San Bernardino (Cal.) Daily Sun of April 22 says of a wedding of especial interest here, the bridegroom being a former Paducah boy with a host of friends in his native town:

"Miss Katherine Tudor Hughes, of Glendale, and Edward B. Jones, of the San Bernardino Drug company, were the principals in a pretty and impressive, though quietly celebrated wedding which occurred at 8 o'clock on Monday evening at the home of the bride's sister in Glendale. The bride is a native of Pileu, New York, and has lived in California about a year and a half, and the wedding which was witnessed by a very small company of relatives and friends is the sequel of an interesting little romance. After a short stay in Los Angeles and participation in the fleet festivities, Mr. and Mrs. Jones will return to San Bernardino and make their home at 210 South Mt. Vernon avenue. The groom's many friends will anxiously await the opportunity to congratulate him on his good luck, and a cordial welcome will be extended to his bride. Mr. Jones is a son of Mrs. L. W. Jones, and brother of H. E. Jones and O. B. Jones, and has made an enviable record as a business man in San Bernardino since he became a resident about a year ago, purchasing at that time with J. K. Wachtel, the business of the San Bernardino Drug company."

Pleasant Birthday Party. A delightful party was given Mr. Will Jordan in honor of his forty-fourth birthday at his home, 815 South Third street, on Monday evening. The dining room was beautifully decorated and the luncheon most appetizing. Mr. Jordan was well remembered by his many friends. During the evening his wife presented him with a beautiful gold W. O. W. pin. Among those present were Mr. and Mrs. Will Roser, Mrs. Doshia Mannis, Miss Viola Waters, Miss Anna Houseman and Mr. and Mrs. W. L. Jordan.

Church Social for Thursday Evening. The Woman's Home Mission society of the Broadway Methodist church will give a "measuring social" tomorrow evening at the district parsonage, 1104 Jefferson street, the home of the Rev. J. W. Blackard and Mrs. Blackard. It will be an unique affair and a delightful social occasion. Music and refreshments will be pleasant features of the evening. The la-

dies of the Home Mission society will assist in receiving. A free will offering of five cents for every foot and one cent for each extra inch of freight is asked from the guests.

Box Parties and Theater Parties in Evidence Last Night.

The coming of Lillian Russell to Paducah was made an occasion of social prominence. The audience was a brilliant one and included several theater parties of out-of-town people. The boxes were all filled. Occupying the two boxes to the right of the stage were six couples of the Scott-Bewley wedding party: Miss Scott and Mr. Bewley, Miss Gregory, of Louisville, and Mr. Vaughan Scott, Miss Bruen, of Missouri, and Mr. Morton Hand, Miss Ohear, of St. Louis, and Mr. Edwin Paxton, Miss Blanche Hills and Mr. David Keger, Miss Frances Wallace and Mr. George Dulois.

The opposite boxes were occupied by: Mr. and Mrs. John W. Keller, Miss Anna Webb, Miss Elizabeth Grimes, of Elizabethtown, Miss Katharine Quigley, Mr. Frank Davis, Mr. Leo Keller, Mr. and Mrs. William F. Bradshaw, Jr., Miss Katherine Powell, Miss Lucie Powell and Miss Elizabeth Kirkland.

Night Rider Refuges.

Mayfield, Ky., April 29.—It is believed that since the night rider investigation has started so strenuously in Calloway county, several of the refugees have been visiting in and around this city. Two or three strange country men have appeared at homes south of town, within the past few days, and asked for permission to remain over night, and during their stay talked in a very suspicious manner about the conditions in Calloway.

This is the young man's Hat as well as Suit store. Our Hats have strong backing. The biggest heads in this town are upholding them. No matter what is the size of your head or your purse your hat size is here. Straw Hats now on display.

## NEWS OF COURTS

In Bankruptcy.

As soon as the costs are settled in the Scott Hardware company case in bankruptcy, Referee Bagby will make recommendations to Judge Evans that the case be closed and a discharge issued. The estate paid about 12 per cent of the total indebtedness.

A. E. Boyd, trustee of the Thompson-Wilson company estate has filed a petition, asking that he be allowed to sell the notes and accounts belonging to the company. May 9 was set as the day for hearing the petition.

Deeds Filed.

John Kuppe to V. A. Carron, property on Koerner street, \$150.

To Sell Register.

County Judge Lightfoot issued an order yesterday permitting Cecil Reed, assignee of the Register Newspaper company, to sell the plant and establishment of the Register at private sale if \$15,000 could be had for the property. If no offer of \$15,000 is received the assignee will offer the outfit at public sale May 11 and dispose of it to the highest and best bidder.

Marriage Licenses.

Edwin Elmore Bewley and Marjorie Scott.

In Police Court.

The docket this morning in police court was an unusually short one, with only two cases to occupy the attention of Judge Cross. The docket read: Using insulting language—Lon Farrell, dismissed. Breach of peace—Riley Pitman, continued until April 30.

TRADE TO BE CHANGED.

Laws Effective in New England States May 1 Are Index.

Boston, April 28.—Conditions governing traffic in intoxicating liquors in many sections of New England will become considerably disturbed on May 1, when changes in local option take place, and temperance workers are pointing to the general situation as an index of the spreading sentiment against saloons.

In Massachusetts by changes in six cities and 36 towns, 216 licensed places, or 10 per cent of the total number, must abandon the liquor business at 11 o'clock Thursday night.

In Vermont only 27 cities and towns will legalize the sale of liquor this year as compared with 92 license cities and towns five years ago, when local option took the place of prohibition.

In New Hampshire an important ruling of the state license commissioner takes effect on May 1, whereby druggists' licenses throughout the state will be abolished, and in Rhode Island the temperance interests have succeeded in forcing restrictive liquor legislation through the house of representatives.

PAYS \$200,000 FOR HUSBAND.

Philly Philadelphia Girl Refused Tendered Check.

New York, April 2.—The story of how she paid \$200,000 for her husband was told by Mrs. William J. Ryan, formerly Miss Helen K. Comblos, of Philadelphia, who is spending her honeymoon at the Plaza hotel in this city.

Ryan, who is the owner of several theatrical ticket offices in Philadelphia hotels, confirmed the dramatic tale.

The father of the bride is William Henry Comblos, millionaire banker of Philadelphia, and he objected to Ryan as a suitor. Last week the young couple decided to be married. They went to Comblos' private office and informed him of their intention.

Comblos turned silently to his desk and wrote a check payable to his daughter for \$200,000. Then he said: "This is for you if you won't do it."

The girl looked at her fiancé, but he stood silently waiting the verdict. She looked back at her father, who said nothing more. Then she gave one affectionate glance at the check and said:

"I think we'll get married."

And father tore up the check.

FIRM SUSPENDS BECAUSE MEMBER KILLS HIMSELF.

New York, April 29.—Coster Knapp & company, a stock exchange firm, suspended today, following the suicide of Charles Custer, Sr., a member, during the night. No statement of assets and liabilities.

Medical Examiners.

Medical examiners to examine all of the applicants for positions as teachers will be elected by the school board at the regular session Tuesday evening. The committee has decided upon Dr. Delin Caldwell, Dr. J. T. Reddick and Dr. Vernon Blythe, and it is assured the board will elect them.

Tommy—Pop, what is the difference between a dialogue and a monologue?

Tommy's Pop—When two women talk, my son, it's a dialogue; when a woman carries on a conversation with her husband it's a dialogue.—Philadelphia Record.

The fishhook cactus is the compass of the desert, for it always points to the south.

## PRESIDENT IS WELL PLEASED

With Outcome of His Fight For Larger Navy.

Had Four Been Authorized by Action of Senate Yesterday He Says.

COULD DICTATE WORLD POLICY.

Washington, April 29.—Two battleships a year is what President Roosevelt says he has accomplished through his fight for his naval program. Had he been victorious in having four such ships authorized at this session, the United States could have dictated terms of disarmament to the nations of the world.

This statement is understood to reveal the president's source of strength in the naval fight which has been waged so strenuously. Furthermore, two ships this year, with the promise of two ships each year to follow, which the president has accepted as a bona fide stipulation on the part of the senate, means simply a program which will place the United States in the front rank of naval progression, but which fails to place it in a position of dictating cessation of naval aggression.

That the president, on the whole is pleased with the result of his efforts with congress on this subject was made manifest; that he firmly believes in the ability of the United States to dictate the naval policy of the world in the future through demonstration of ability to overwhelmingly outstrip rival construction, is only manifest.

The president wanted four battleships this year. He got two. With the two he obtained promise of two more to be forthcoming next year. This means, considering the dimensions of the battleships which modern construction dictates, that the United States shall keep fully abreast on the naval armament of any other nation.

Friends of the president are flushed with what they regard as a signal victory for his international policies and details of this victory are freely given, and declared to reflect the exuberance of President Roosevelt.

## Fear He's Drowned.

Calro, Ill., April 29.—Relatives fear Joseph H. Herhausen, 22, missing since Thursday, was drowned. Herhausen, who lived at East Calro, Ky., was last seen near Calro bridge, going toward town. His mother is Mrs. Dolly O'Dell, of Calro. Anyone finding his body or a trace of his whereabouts is requested to notify his sister, Nellie M. O'Dell, care boat-store, Calro, Ill. His description is: Blue eyes, brown, curly hair; weight, 130; has scar on left side of face and neck; was wearing black coat and shirt and striped pants; was wearing large silver ring, with engraved name plate of gold; No. 8 shoes, light brown tie, and had a medal in his pocket with his mother's name engraved on it.

## Russia's Government.

There are at present several governments in Russia. There is the ministry appointed by the Czar, there is the Court Camarilla working through the same Czar, there is the "Union of the Russian People," supported by some influential personages at the court, whose badge the Czar wears and to whose instructions he faithfully adheres, and finally, there is a host of permanent and temporary Governors-General who are as thorough autocrats in their territories and perhaps more than Nicholas II. is over the whole empire.—Free Russia.

## STOPS ANY ITCHING.

Doan's Ointment Cures Eczema and Itching Piles—Paducah People Recommend It.

One application of Doan's Ointment stops any itching. Short treatment cures eczema, itching piles, salt rheum—any skin eruption or skin itching. It is the cheapest remedy to use, because so little of it is required to bring relief and a cure. Here is Paducah testimony to prove it:

J. R. Womble, of 1162 Broadway, Paducah, Ky., says: "For years I was a sufferer from itching piles in a severe form. When I would get heated they would annoy me terribly. At night I could get no rest on account of them and I often had to get up and walk around the room. I believe I tried nearly every remedy for piles on the market, but nothing ever gave me the desired relief until I got a box of Doan's Ointment at Dulbois, Son & Co.'s drug store. The very first application had a soothing influence and after a second day's use I could go to bed at night and sleep in comfort. The contents of the one box cured me entirely. I also used Doan's Ointment on my hand for a sore and found it very healing." (From statement given in 1900.)

## A Lasting Cure.

On February 18 Mr. Womble said: "I gave a statement in 1900 telling how Doan's Ointment had cured me of a severe case of itching piles. I am glad to confirm that statement at this time as the cure has been lasting. Doan's Ointment is certainly a superior remedy for any skin affection." For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## MURRAY IS QUIET

(Continued from page one.)

According to those best in position to judge, the elements who oppose the prosecutions are the night riders themselves, their friends and a lot of demagogues who are attempting to create a following on which to ride into county office. The latter are reinforced by the remnants of a down and out political faction, who, by casting their lot with the night rider party, have dashed the hope that they may once more gain the ascendancy in the political affairs of Calloway county.

## The Spring Season.

Fortunately the spring season makes it imperative that those who make their living on the farm, mix to go to work and will be so busy, that the office seekers will have little or no opportunity to harangue the people and keep alive the incendiary spirit. In fact there will not be two dozen farmers in Murray on any one occasion between now and the August term of court, and the only way to reach them will be through the press of the county. That the Murray Ledger will pursue its present course is expected, but its influence among those susceptible to being moved by prejudice and passion will be fully met by the Calloway Times, edited by W. O. Wear, which has a large and influential circulation and is arrayed on the side of law and order.

The calling of the trials yesterday did not result in continuances unexpectedly, as the prosecution could not force the defense into trial without making important concessions and, according to the announcement of Commonwealth's Attorney Denny P. Smith, no concessions of any kind would be made and the cases would be pushed to an end without compromise.

After the cases had been continued about 50 witnesses were recognized to appear on the fifth day of the August term of court, 21 being called by the commonwealth. They were: J. T. Whitlock, Willie and Clarence Dyer, J. M. Thornton, Frank Mardis, Chas. Wynn, Charles Evans, W. B. Stewart, J. G. and Walter Holland, Dr. J. P. Kirk, Murray and Frank Turner, L. W. Alderson, H. C. Grogan, A. D. Brooks, Macon Champion, Tom Ross, Ben Bell, Duke Russell and Al Perry.

## The Soldiers.

From semi-official source it was learned that a camp will be established on a beautiful plot of ground near "Pool Spring," and troops will be kept here when not in service, though only a small detachment will be necessary to guard the town from an attack and others to guard the homes of the witnesses who live on the east side and will attempt to make a crop. Several of the more important witnesses against whom there is an especial enmity will not attempt to return to their homes, believing there would be danger of assassination.

Will McClure, Jasper Garland and Henry Taylor, who were arrested on bench warrants yesterday made bonds, while Van Elkins, who was arrested on a second bond, was allowed to go until tomorrow on the bonds already executed. Carlos Elkins and Jack Elkins were given until Saturday to secure additional security on the bonds they have executed. The commonwealth's attorney reporting that their bonds were not secure.

Last night was the first time since arrests were made that there was not a person accused of night riding in jail and the guards were removed. In almost every case the neighbors of the accused went their bonds while in some cases property was mortgaged to secure bankers of Murray who signed the bonds.

## SOLDIERS FORM FLYING SQUADRON

Ride Through Night From One Point to Another.

Few Men Keep Order and Quiet in the Black Patch by Their Mobility.

ADJ. GEN. JOHNSTON TALKS

Frankfort, Ky., April 29.—Reports of the sudden appearance of state militiamen at various and sundry cities in the state, where no call has been made for their presence to ward off some threatened attack of "night riders" are coming in to the capital, and flooding dispatches to the press. Tales are told of squads of khaki-clad men riding like the wind through hamlets rendezvousing at cross roads, and startling the country gossips at cross road blacksmith shops or village groceries.

In the central part of the state, the barley district, and down through the "black belt" the soldiers are now the "riders," and if the distorted and exaggerated reports of the mass of armed men who are patrolling the various tobacco districts were true, it would seem that Governor Wilson has almost the full state guard of several thousand men in active service to keep down the "night riders."

## But Few at Work.

Adjutant General Johnston explained the mysterious appearance and the rapid movement of the militiamen which is being seen in the tobacco counties. He said that in reality there are but a small number of men under arms to break up the "night riders" marauding.

Broken up into squads, of a half a dozen or so, each under a capable officer, and mounted upon good steeds, they are doing an effective work as could be accomplished by a force three times their size. No one is told of the line of march of the improvised cavalrymen.

A band will be sent scurrying through one section of a county one day; and perhaps be a score or so miles away today. General Johnston said:

"There's no telling where the soldiers will be maneuvering one day or the next. Today it might be safe to say that there have been militiamen riding through Midway and patrolling that section of Woodford county."

## May Move Next Day.

"Where they will be tomorrow can not be told. Nothing is given out of their destination or line of itinerary. Their very presence is a great deterrent against acts of lawlessness, and the fact that there is no telling just what time they will be through a county or when they will arrive at a town lends an air of uncertainty to the work they are doing which has proven very beneficial."

The soldiers are doing some night riding themselves, and the thunder of their horses' hoofs over old wooden bridges and the metallic click, click of their steel shoes on the hard planks of the bluegrass often breaks the stillness of the night and carries assurance to the countryside that protection is at hand.

## Controls Western Section.

General Williams, who has taken command of the state soldiers in western Kentucky, is keeping in close touch with the adjutant general's department, and, according to information here, has the situation well in hand. His men are patrolling all of that section, and there seems little disposition on the part of those inclined toward barn burning and whipping of citizens to take a chance of

## Why Suffer?

If you suffer pain from any cause, Dr. Miles' Anti-Pain Pills will relieve it—and leave no bad after-effects. That's the important thing. Neither do they create a habit. More often the attacks become less frequent, or disappear altogether. Dr. Miles' Anti-Pain Pills have no other effect except to relieve pain and quiet nervous irritation.

"We are never without Dr. Miles' Anti-Pain Pills. My husband and son, aged 15, were always subject to sick headache until we began using these pills, and they have broken them up entirely. Don't think they have had to use them for six months. I recommend them to every one. A few weeks ago I had an old lady friend was sick. I went to see her. She was down with la grippe, and nearly crazy with awful headache. I gave her one of the Anti-Pain Pills and left another for her to take in a short time. They helped her right away, and she says she will never be without them again. Last winter my husband was taken with rheumatism on both sides, and I know he would have died if it hadn't been for the pills. In less than half an hour he was sweating, and went to bed and slept." MRS. G. Y. WELCH, Auburn, Ohio.

## Vinol

no one wants an old-fashioned cod liver oil preparation or emulsion, because Vinol is a much better body-builder and strength creator for old people, weak children, and for coughs, colds, bronchitis, etc. If it does no good we will return your money.

W. B. McPHERSON, Druggist, Paducah, Ky.

running into a band of armed militiamen on some moonlight excursion. Reports are coming to the governor of threatening letters which are being received by many of the farmers in the Garrard, Lincoln, Boyle and Madison section, who are making preparation to raise much barley this year. Although these counties contain some of the finest farming land in the state, and the soil is well suited to tobacco culture, the production of the "weed" has not been large there hitherto.

## Gives Them Courage.

The elimination of tobacco from the large producing counties this year has caused many farmers in the section named to set out beds and prepare to raise large crops. The Equity Society movement has not gained much of a foothold there, and the conditions which have influenced tobacco growers in other counties to cut out their crops this year, have not been felt.

In consequence, a very large acreage is expected. A ride along the Louisville & Nashville from Paris south reveals scores of covered "plant beds" and hundreds of acres plowed and ready for the planting.

Judge John Sam Owsley and County Attorney W. S. Hurch, of Lincoln county, have laid before the governor some letters sent to farmers in their community, threatening destruction of their plant beds and other property unless the beds are dug up and preparations to raise tobacco are abandoned.

So far no outrages have been reported from Lincoln or adjoining counties, but the local authorities think it well to take the matter in hand.

It is expected that patrols will be sent through that section to let the people know that the law must be obeyed and the chance for outlawry, without detection or capture, is reduced to the minimum.

## Neighborhood Favorite.

Mrs. E. D. Charles, of Harbor, Me., speaking of Electric Bitters, says: "It is a neighborhood favorite here with us." It deserves to be a favorite everywhere. It gives quick relief in dyspepsia, liver complaint, kidney derangement, malnutrition, nervousness, weakness and general debility. Its action on the blood, as a thorough purifier makes it especially useful as a spring medicine. This grand alternative tonic is sold under guarantee at all druggists.

## Itinerary of Battleship Fleet to Cover Forty-Two Thousand Miles.

Washington, April 29.—A total of approximately 42,500 miles will have been covered by the Atlantic battleship fleet when it arrives at Hampton Roads on February 22 next, according to the estimates made by the naval officials. The distance to be covered, according to an itinerary made public for the voyage of the fleet from San Francisco to the Philippines, thence to China and Japan and back to Manila is 16,218 miles.

The longest lap of this distance is that from Honolulu to Auckland, 3,850 miles, said by naval officials to be the greatest steaming distance ever made by a battleship fleet in the American navy without stopping for coal. This will require slightly over sixteen days. One of the coallers and two of the supply ships will stop at Samoa for coal and the battleship Illinois, which under ordinary circumstances cannot carry enough fuel to steam four thousand miles, will

store some coal in bags on deck and also take fuel in her fire room. Regular coal supplies will be taken aboard at the various stopping places when needed.

According to this itinerary the fleet will leave San Francisco July 7, arrive at Honolulu July 16, remain seven days; arrive at Auckland August 9, remain six days; arrive at Sydney August 20, remain seven days; arrive at Melbourne August 29, remain seven days; arrive at Albany, Australia (for coal) September 11, remain six days; arrive at Philippines October 1, remain nine days; arrive at Yokohama October 17, remain seven days. (At Yokohama the fleet will be divided, the first squadron going to Manila and scheduled to reach there October 31. The second squadron will go to Amoy, reaching there October 29, and after a stay of six days will go to Manila, reaching there November 7.

## SCHOOL NOTES

Honor pupils of the High school for the past month were announced this morning by Prof. W. H. Suggs, principal of the High school. The students have had good deportment, and have made especial good grades in all of their studies. The list for April is unusually long, and in the closing months of work the students have done good work. The list is: Oscar Schmidt, George Rawleigh, Charles Endries, Mary Kennedy, Marian Williamson, Lucille Well, Elizabeth Welmer, Margaret Schwab, Grace Stewart, Kate Steinhauer, Elsie Speck, Sadie Smith, Clara Smith, Grace Schulte, Ellen Kutter, Mary Ellen Rogers, Katherine Reck, Eunice Robertson, Mildred Piper, Edna Mooney, Margaret Merigold, Bess Lane, Mary H. Miss Eleanor Hock declines third honor and will not graduate with the class of '08 of the High school.

### Attractive Cairo Wedding.

Today's Cairo Bulletin says: "Nature smiled a benediction on the wedding of two well known Cairo young people yesterday morning when Mr. Edward John Stuart and Miss Abbe Elizabeth Williams were united in marriage, the ceremonies being of exceptional beauty and impressiveness. Nuptial high mass was celebrated by the Rev. Father James Downey, assisted by the Rev. Father C. J. Eschman, of Prairie du Rocher, at St. Patrick's church in the presence of a large congregation of friends of the happy couple at 9 o'clock in the morning. The bride was lovely in a princess gown of white embroidered mull trimmed with bands of French fllet and Valenciennes lace fashioned over a lace mull slip. Her veil was caught with lilacs of the valley and

## YEGG CONFESSES

(Continued from page one.)

twenty to forty men at different times in the last eight or ten years. Some of the information which he imparted the details of, which is being carefully guarded by the inspectors, is substantially as follows:

The names, aliases, descriptions, occupations and rhodes of about thirty yeggmen who have been mixed up in a long series of robberies in Missouri, Arkansas, Illinois, Kentucky, Tennessee, Mississippi, Louisiana and other states.

### Tells of St. Louis Fence.

The location and identity of the proprietor of a chain of "fences" in St. Louis, Cape Girardeau, Little Rock, Memphis, Vicksburg, New Orleans and other cities, where the yeggmen disposed of the stamps stolen from postoffices and of other loot obtained by burglarized stores and shops.

The location of a nitroglycerin plant, where that explosive, known to yeggmen as "soup," was made and sold to the criminals, together with several places where burglars' tools were made especially for the "trade."

With information of this character in their possession, telegraphic advices were sent out from St. Louis by the postoffice inspectors which has put the inspectors and secret service agents in half a dozen cities on the trail of isolated members and accomplices of the gang.

Numerous arrests and convictions are expected to result. Several of the yeggmen are now in the penitentiary, but most of them are at liberty. Christopher is said to have outwitted Inspector Patterson with the accuracy of his information as to the dates and details. He had reference to a memorandum book which to the ordinary reader was a meaningless mass of jumbled notes. The inspector used every circumstance he could bring to bear through his own knowledge of the yeggmen gang, and Christopher's story stood the test as to accuracy.

Peculiar Qualifications: "In choosing his men," said the Sabbath-school Superintendent, "Gideon did not select those who laid aside their arms and threw themselves down to drink; he took those who watched with one eye and drank with the other."—The Herald and Presbyter.

"Experience," said the wise person, "is the best teacher."

"Yes," answered Mrs. Torkins, sadly, "but when it comes to horse races some people go on taking post-graduate courses all their lives."—Washington Star.

In charge of the prisoners were Sheriff Ogilvie and the following deputies and special officers: Gus Rogers and Clarence Ogilvie, Ed Ham, S. B. Pryor, George Broadfoot, F. M. Matlock, I. C. Policeman Patillo Kirk. Others from the country are Ben Hovecamp, Fifth district; James Brockman, Sixth district; Frank Turdon, Seventh district; Harry Mansfield, Eighth district; W. T. Smith, Sixth district; Lee Holt, Eighth district; Herbert Foster, Seventh district, and John Doyle, Eighth district.

## RAILROAD NOTES

An order closing the car department two days at the Illinois Central shops was received and posted yesterday afternoon and only a few men engaged in repairing emergency breaks were at work this morning. According to the bulletin posted work will be resumed in the department at the usual hour Friday, May 1. Work continues good in the locomotive department and no order closing that department was received.

"Daddy" Grimes, who has been traveling engineer of the Paducah-Fulton district, has been placed in charge of the entire Tennessee division, and former Traveling Engineer Penner, in charge of that district, will be "Daddy's" first assistant.

Since the consolidation of the crews of the north and south yards has been made all trains are now being made up in the south yards and the tracks of the north yards, used as repair tracks, are already well filled with bad order cars and engines. Judging from outward appearances the small force that is now employed at the shops is kept employed getting out running repairs and doing the work that is absolutely necessary.

### Brains Taken From Fendist.

London, Ky., April 29.—Elsy Langford, the feudist wounded last Saturday at Mt. Vernon, Ky., was for some time after the shooting thought to be dead. Finally he showed sufficient signs of life to encourage an operation.

Dr. H. V. Pennington, of London, an eminent surgeon, happened to be in Mt. Vernon at the time of the shooting, and with the assistance of local physicians, he performed one of the rarest and most delicate operations of the kind known to the profession. A bullet, together with eleven pieces of bone and four ounces of crushed brains, were removed. The patient survived, and after a time regained consciousness. It is now said that he has some chances of recovery.

### Shroud Wrapped in Flame.

Georgetown, Ky., April 29.—Spontaneous combustion in the cotton shroud of a corpse burned Joe Thompson's house here Sunday night, and the corpse was reduced to ashes.

It was the body of Dave Johnson, of New Jersey, who was killed in an explosion of the Indiana refinery on Saturday.

The body had been wrapped in bathing and placed in the house preparatory to shipping it to New Jersey. The lined oil and cotton wrappings ignited themselves with the strange result.

## THEATRICAL NOTES

Alry, Fairy Lillian.

Quite matronly, as becomes her years, yet beautiful as ever on the stage, Alry, Fairy Lillian Russell, whose name recalls long forgotten locks and youthful romance to many a bald pate, appeared at the Kentucky last night with a good company, in an entertaining comedy, "Wildfire." Miss Russell draws the crowd for the show and Herbert Corthell, as Matt Donovan, horse trainer, and Will Achele, a midget, as Bud a stable boy, entertain the crowds. When the company appeared in answer to curtain calls, the sharp crescendo in the applause that marked the entrance of the two slang artists, told who the audience liked most.

The story of the play is as ingenious as George Broadhurst and George V. Hobart could be expected to make it. Mrs. Russell as Mrs. Barrington, was left a racing stable by her husband. She raced it under an assumed name and Matt Donovan managed it.

Her living was staked on a race in which Wildfire was entered. Her sister was engaged to the son of a man, who was opposed to horse racing, and the son was in bad at the race track.

Mrs. Barrington was loved by a horseman and an automobilist. All those complications were unraveled in three acts.

The second act, showing the racing stable, at the turn of the stretch, when Duffy, a most excellent race track villain as portrayed by Hugo Toland, was circumvented in his effort to throw the race, by Mrs. Barrington, was thrilling at its climax, and afforded abundant comedy by the two re-lables, Corthell and Achele.

There was no attempt at subtlety of character delineation either on the part of the playwrights or the actors. Caricature and broad humor of lines and situations prevented brain fog. The company includes such excellent people as Howard Gould, John D. O'Hara, Norman Tharp, Morgan Wallace, Gilbert Douglass, Harry G. Stafford, Frank Andrews, Genevieve Cliff, Susanne Leonard-Westford and Annie Buckley.

The Kentucky was packed with an almost capacity audience, which showed its delight with frequent bursts of applause and ripples of laughter.

### Stanley Nominated.

Henderson, Ky., April 29.—The Democratic committee of the Second congressional district met here and declared A. O. Stanley the nominee of that party for congress. This nomination is for his fourth term and is the third time he has received the nomination without opposition.

## The Most Accomplished Modiste

Will be helpless to produce a successful costume unless the figure is correctly corseted.

### To Attain the Pinnacle

of figure perfection through the medium of the corset, great care should be exercised in the selection of the proper model for each individual.

### For the Coming Season

Elegance of outline will be more than ever desirable, and the fashionable modiste will require the proper corsets to give the correct outline and requisite smoothness.

## Guthrie's Bon Ton Corsets

Are manufactured in so wide a variety of different models as to assure a perfect corset, no matter how difficult or ungraceful the figure.

Prices: \$3.00 to \$8.00

### The Style-Spirit of Paris

Emanates from every line of the figure where these corsets are worn, and the improvement is marvelous, even in cases of the most unshapely and unpromising figures.

### Materials, Dainty Trimmings

and painstaking needlework add not a little to the tone of these justly popular corsets.

### Bon Ton Corsets

are the most attractive, and in the matter of models and designs, they are in advance of the season.
